LOCATION

BASIC INFORMATION

Location:

Omladinskih brigada Street, New Belgrade

Description:

Airport City Belgrade is the first multi-use commercial facility in Serbia that merges the latest in building technology, together with a tenant-focused approach. It is more than just a group of stand-alone office buildings; it is the country's first Business Park, offering its tenants the concept of a "City within a City".

For those businesses that prefer their own space, Airport City Belgrade offers tailored buildings for businesses that want to be part of this exclusive community and need the flexibility and detail that only a custom built building can offer.

Upon completion, Airport City Belgrade will cover in excess of 186,000 square meters of office and tenant-friendly retail space. Your new office will be located in much more than a nice building; it will be situated where top businesses work alongside one another.

Airport City Belgrade is not a group of buildings housing offices; Airport City redefines the way businesses work. At Airport City Belgrade "work has new meaning", with state-of-the-art facilities and a diverse range of business services/amenities servicing its tenants' every need. Businesses housed at Airport City Belgrade will experience a new environment composing increased flexibility, a convenient location and amenities, giving... the work a new meaning
